

## Posh Planet (International Shipping) FAQs

### What is Posh Planet?

*Posh Planet is an international shipping program available to customers in over 220 countries. We have partnered with MyUS which allows international customers to ship their Perfectly Posh product to a specifically assigned address in the United States, and then MyUS will provide shipping services for that product to their declared international address.*

*When you join and subscribe to MyUS.com, you will receive your very own US shipping address to use during checkout. Perfectly Posh will then ship your items to your new US mailbox.*

*Once your packages arrive, they will be inspected by MyUS.com to ensure that what you ordered is in the box. Once confirmed, MyUS.com assumes responsibility of your order. Your orders are then consolidated by MyUS.com and shipped to your international mailing address. This process assures that you receive discounted shipping rates.*

*For more details, check out the MyUS "How it Works" page [here](#).*
